TA550-00ND

Suggested Use- SILAGE

- Excellent Forage Yield in its Maturity
- Excellent Disease Tolerance
- Average pops 28-34,000
- Must Try For Silage in the 103 to 108 RM
- Feed Efficiency is the Key for this Hybrid

Conventional

Grain Yield- N/A
 Silage Usage- 1
 Emergence- 2
 Drought Tolerance- 2
 Standability- 3
 Staygreen- 2
 Population Tolerance- H

Ear Placement- M
 Ear Type- SF
 Test Weight- 4
 Plant Height- M/T

NCLB- 3
 Gray Leaf Spot- 3
 Common Rust- 3
 AnthracLeafBlight- N/A
 AnthracStalkBlight- N/A

Scale of 1-9
 1 = Best

Population Tolerance
 H=Higher M=Moderate

Cob color - W
 Starch - 3
 Kernel digestibility - 1
 Fiber digestibility - 2
 Milk/Acre - 1
 Milk/Ton - 2
